Part A: Pupil premium strategy plan

Statement of intent

Our expectation at Meir Heath Academy is that all pupils, irrespective of background or the challenges they face, have access to a broad and balanced curriculum which embraces quality first teaching and opportunities for enrichment in order to widen their life experiences.

Our aim is to use pupil premium funding to help us improve and sustain higher attainment for disadvantaged pupils at our school that is comparable with that of non-disadvantaged pupils nationally.

During the period of this strategy plan we will focus on the key challenges that are preventing our disadvantaged pupils from attaining well: oral language and vocabulary, access to wider opportunities, and expectations.

Our approach will be responsive to both common challenges and our pupils' individual needs rather than assumptions about the impact of disadvantage.

The approaches we have adopted complement each other to help pupils to excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Our assessments, discussions and observations have identified social and emotional / self-confidence issues for some disadvantaged pupils. Within our school, a number of our children in receipt of both the pupil premium and service children grant are identified as needing additional support and currently receiving small group interventions.

2	A number of our pupil premium children are working below ARE in reading and writing.
3	Our analysis shows some disadvantaged pupils and families need additional support to access wider and extra-curricular opportunities.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved progress and attainment for pupil premium pupils.	Teacher assessment of attainment and progress across the curriculum demonstrates a reduction in the attainment gap between disadvantaged pupils. This is within a context of high attainment for all.
Improved vocabulary for disadvantaged pupils	Teacher assessment demonstrates that children can accurately articulate their learning.
Improved access to a range of clubs and extra-curricular opportunities for our disadvantaged children	All of our disadvantaged children will have taken part in instrumental lessons and sports clubs.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.
